Institute Vision

VISHWAKARMA INSTITUTE OF TECHNOLOGY, PUNE

Established in 1983 • Autonomous Institute • SPPU Affiliated

ABOUT THE INSTITUTE

Vishwakarma Institute of Technology, Pune is an autonomous institute permanently affiliated with Savitribai Phule Pune University. Established in 1983, VIT received autonomous status in AY 2008–09 and has grown into one of the premier technical institutes in the western region of India. Its academic ecosystem combines technical education, research, innovation and opportunities that prepare students for professional growth.

VISION

To be a globally acclaimed Institute in Technical Education and Research for holistic socio-economic development.

A vision centred on excellence, innovation and meaningful impact.

MISSION

To create technically competent and socially responsible graduates through academic excellence, research and innovation.

Focus: employability, strong academics, research culture and social responsibility.

Department Vision

VISION

To provide a student-centred, state-of-the-art, academically enriched environment for productive careers in the world of computing through creativity and innovation.

MISSION

01 To promote aspiring, ethically conscious engineers demonstrating sustainable employability and entrepreneurship.

02 To impart quality education with a focus on analytical and problem-solving skill development.

03 To foster an inspired scholary environment through active student-faculty participation in research and development, resulting in a new knowledge base and insights.

04 To prepare students to shoulder social responsibilities by applying their skill set for the betterment of society.

DEPARTMENTAL FOCUS

- Employability & Entrepreneurship
- Academic Excellence
- Research & Development
- Social Responsibility

FROM THE HOD'S DESK

DR. PRAVIN RAMKRISHNA FUTANE

It gives me immense pleasure to welcome you to the latest edition of our Departmental Newsletter - a mirror that reflects the vibrant academic environment, collective achievements, and diverse activities undertaken by our department.

Department is committed for quality education and the holistic development of our students. I urge all students to participate actively in all upcoming workshops, seminars, and co-curricular opportunities. Use these platforms to hone your technical skills, build leadership qualities, and prepare yourselves to contribute meaningfully to society. The department strives hard toward excellence and bridges the gap between fundamental concepts and real-world technology. This Magazine serves as a platform to showcase these accomplishments, creative endeavours, and innovative practices.

I would like to express my heartfelt gratitude to the entire Editorial Board and technical support staff for their meticulous efforts in bringing this volume together
I hope this issue inspires you with a renewed sense of hope, confidence, and zeal to tackle the challenges on the road ahead.

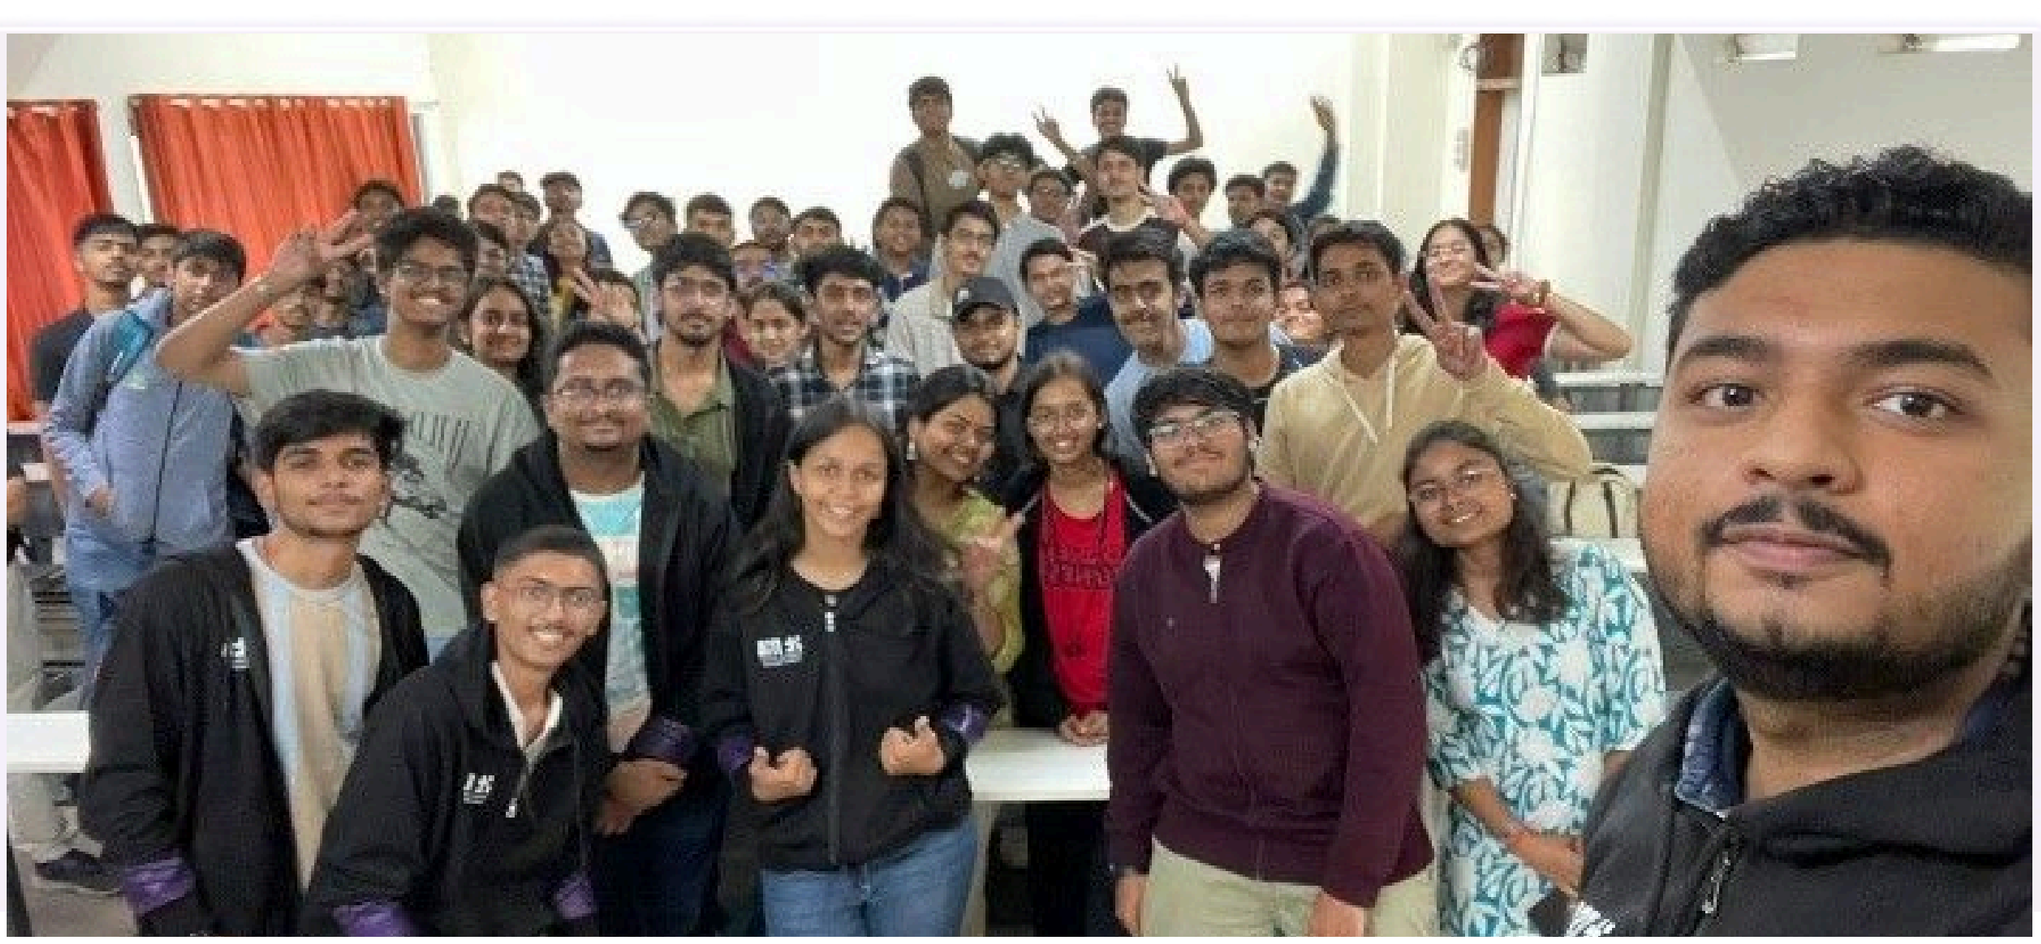

Prof. (Dr.) Pravin Futane

STUDENT CLUB ACTIVITIES

Information Technology Students' Association

ITSA

As the official student body of the IT Department, ITSA aims to motivate the future generation of technological innovators to start their academic journey on the right note. To initiate the academic year, the organization conducted an exclusive hands-on workshop titled "Mastering AI Tools and Prompt Engineering: The Basics in Your AI Journey." which was organized on October 6th, 2025 in Classroom 1301 of the Bibwewadi Campus for First-Year IT (Division A) undergraduate students. The workshop required the attendees to have their laptops to perform real-time exercises and learn about the various generative AI platforms and the basics of prompt engineering. By providing practical tips for effective utilization of the AI platform, Team ITSA helped the first-year students acquire the skills necessary for a successful career ahead.

GeeksforGeeks VIT Student Chapter

GFG VIT

GeeksforGeeks VIT Student Chapter propelled the journey toward excellence in technology by conducting important events like Tech It Out 3.0 and Geek Fiesta. Tech It Out 3.0 witnessed participation from more than 200 entrants participating in a DSA-based MCQ quiz followed by a coding contest. The event received overwhelming support from industry partners CodeChef and Unstop who sponsored CodeChef Pro subscriptions along with discounts and goodies. In addition to that, the club organized Geek Fiesta that allowed participants to take part in a workshop on AI Agents along with an ideathon to address various real-life civic and infrastructure issues. Through these initiatives along with weekly contests and alumni interactions, GFG VIT has managed to build a strong problem-solving culture.

Google Developer Groups

(GDGoC VIT Pune)

Google Developer Groups (GDGoC) VIT Pune had a successful year with many projects with a significant impact. The club had the first Liquid Galaxy Laboratory in Asia on campus and organized a guest lecture by one of the google developers, Yash Raj Bharti, to explore the basics of geospatial data having over 189 students on board for the project. In the interest of encouraging open innovation, the club arranged Hack-O-Verse, an AI hackathon that lasted one month, being attended by over 487 participants who created solutions using Google Cloud, Google Gemini, and Google Firebase.

GedIT Coding Club

GedIT Coding Club

The GedIT Coding Club, which is a part of Department of Information Technology, organized a guest session called "Rethinking Software Engineering with AI" on 30th September, 2025, at Sharad Arena, which provided a golden opportunity for students to gear up for their coding ventures. In the three-hour session, the most prominent speaker, Mr. Prashant Chaudhari, the Chief Technology Officer (CTO) at Jombay, shared his valuable insights amassed from more than 15 years of experience in industry, specifically in enterprise architecture, scalable systems and digital innovation. By talking about the controversial statement "AI is going to replace coders", he highlighted several issues faced by the industry as well as explained what generative AI tools are and communicated how AI is reshaping the role of software engineers in the industry. The event was welcome with full house registration so that it catered to all the needs of students and provided necessary skills that will keep students in good stead.

THE SPEAKER'S CLUB

T HE SPEAKER'S CLUB

The Speaker's Club organized its flagship inter-collegiate event, "Speaker's Arena 2026," on 18 April 2026 across five rooms at the VIT Bibwewadi campus. This eight-hour competition provided a golden opportunity for youth aged 14 to 25 to gear up for competitive debate. Participants were rigorously tested across a progressive three-round format that included a Flip-Flop Debate where individuals argued both sides of a topic, a Group Discussion Challenge, and a high-level British Parliamentary Debate. Evaluated by judges Omakar Handibag and Aryaman Limaye, with faculty attendance by Dr. Kushalya Thopte, the sessions emphasized clarity, reasoning, and respectful discourse. The sponsored event saw a massive turnout of 94 attendees, making it the club's largest single-day event of the semester. It successfully catered to the developmental needs of the students, yielding sharper critical thinking, stronger teamwork, and enhanced argumentation skills that will keep participants in good stead.

Student Achievements

Bansilal Ramnath Agarwal Charitable Trust's
VISHWAKARMA INSTITUTE OF TECHNOLOGY
(An Autonomous Institute Affiliated to Savitribai Phule Pune University)

DEPARTMENT OF INFORMATION TECHNOLOGY,
VISHWAKARMA INSTUTE OF TECHNOLOGY, PUNE

Best Paper Award

Team of Authors: Pranita Kute, Khushi Shah, Sai Mane and Shahanaj Shaikh from Information Technology Department received the Best Paper Award for their research paper titled " AI-Powered Smart Placement Prediction" at the IEEE ICCMRAI-2026 Conference, MMIT Lohagaon under the guidance of Prof. Pravin Futane.
