Descriptive Feedback Analysis:

1. **Parents:** Based on analysis of feedback given by parents it is observed that:
Students should get engaged with other innovative courses and should motivate for self-study.
2. **Students:** Based on analysis of feedback given by students it is observed that:
They need more knowledge on current cutting edge technology and more focus towards practicals.
3. **Teachers:** Based on analysis of feedback given by faculties it is observed that:
Curriculum should focus more on core courses based on programming aspects to develop the skill sets required for placements.
4. **Industry:** Based on analysis of feedback in IAB meeting it is observed that:
Basic fundamentals aspects in every course should be focus widely. Branch specific content should be included in the courses.
5. **Alumni:** Based on analysis of feedback given by Alumni it is observed that:
Need to minimize the gap between industry and Academic

Over all Analysis: Based on complete strategy of feedback given by all stakeholders it is observed to include some new courses which covers advance topics based on need of current technology and also which has more scope in the industry. Focus more on projects and its outcomes in terms of technical, research innovations, publications, etc.
